Modified Hazardous Waste Permit

Mr. Fred Sigg
Von Roll America, Inc.
1250 St. George Street
East Liverpool, Ohio 43920-3400

Dear Mr. Sigg:

On November 8, 2004, Ohio EPA received Von Roll America, Inc.'s request to receive waste deliveries Monday through Sunday, between the hours of 6:00 a.m. and 8:00 p.m. If waste shipments need to be received outside of this time, Von America, Inc. will contact Ohio EPA for approval. For this modification, Von Roll America, Inc. submitted a Class 2 modification application¹. The Agency did not receive any verbal or written comments concerning this Class 2 modification application.

I have enclosed the final modified Ohio hazardous waste facility installation and operation permit (Permit) that was issued by the director today. Please note that the modified Permit remains in effect until it is renewed, withdrawn, suspended or revoked.

You have the right to appeal this Permit decision to the Environmental Review Appeals Commission (ERAC) no later than 30 days after the public notice (See Ohio Revised Code § 3745.04). You may file your appeal with ERAC at the following address: Environmental Review Appeals Commission, 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

If you file an appeal, you must put it in writing. Your appeal must explain why you are appealing the action and the grounds you are using for your appeal. You must send a copy of the appeal to the director of the Ohio Environmental Protection Agency no later than three (3) days after you file it with ERAC.

¹Ohio EPA assigned tracking # 041108-2-1 to this modification application.

OHIO EPA ISSUES FINAL MODIFIED HAZARDOUS WASTE PERMIT

On April 1, 2005, Ohio EPA issued a final class 2 modified Hazardous Waste Facility Installation and Operation Permit (Permit) to Von Roll America, Inc. for its facility at 1250 St. George Street, East Liverpool, Ohio. The EPA Identification Number for this facility is OHD980613541.

Why is Von Roll America, Inc. modifying its Permit?

Von Roll America, Inc. is permitted to operate a hazardous waste incinerator and other related hazardous waste management units at its facility. Von Roll America, Inc., requests to receive waste deliveries Monday through Sunday, between the hours of 6:00 a.m. and 8:00 p.m. If waste shipments need to be received outside of this time, Von America, Inc. will contact Ohio EPA for approval. This final modified permit will allow Von Roll America, Inc. to make the requested changes. To issue this final modified Permit, Ohio EPA determined that the modification application is complete and meets appropriate standards.

Can I appeal this final modified Permit?

Yes, if you are an officer of an agency of the state or of a political subdivision, acting in a representative capacity, or any person who would be aggrieved or adversely affected by this modified Permit, you have the right to appeal this Permit decision to the Environmental Review Appeals Commission (ERAC).

If I decide to appeal this final modified Permit, how and when must I make the appeal?

If you file an appeal, you must put it in writing no later than **May 4, 2005**. Your appeal must explain why you are appealing the action and the grounds you are using for your appeal. You must file your appeal, according to Ohio Revised Code § 3745.04, with ERAC at the following address: **Environmental Review Appeals Commission**, 309 South Fourth Street, Room 222, Columbus, Ohio 43215. You must send a copy of the appeal to the director of Ohio EPA at the following address no later than three (3) days after you file it with ERAC: **Joseph P. Koncelik, Director of Ohio EPA**, P.O. Box 1049, Columbus, Ohio 43216-1049.

SECTION B
FACILITY DESCRIPTION

February 7, 2002

Revision 7 -- November 5, 2004

OHIO EPA DHWM

APR 01 2005

VRA is permitted to schedule waste from 7 am to 7 pm and to accept waste through the front gate from 6 am to 8 pm, Monday through SUNDAY Friday. On occasion, VRA may accept waste deliveries outside the permitted time frame, under certain circumstances. VRA must make all attempts to contact the Ohio EPA for verbal approval immediately upon the determination of the anticipated delay and prior to acceptance of the waste. If it is not possible to obtain a verbal approval from the Ohio EPA prior to acceptance, VRA must notify the Ohio EPA, by phone message or e-mail. The notification should be sent to the on-site inspectors and should include the reason for the request, the expected time of arrival, and shipment type, i.e., tanker, container, bulk solid, etc. VRA should follow up with a phone call to inform the Ohio EPA when the delayed shipment arrives and is accepted through the gate.

All waste arriving at the facility in trucks will be admitted to the facility through the front gate where a guard will log the arrival of each shipment. The guard will verify that the waste is approved to enter the facility and that all shipping documents are in order. Trucks approved for unloading will be weighed, when required, and directed to either the Truck Holding and Sampling Area or to a designated unloading station.

All waste arriving at the Facility in railcars (future) will be admitted to the facility through the gate across the VRA railroad spur line. The railcar will be rolled to a designated unloading station. A guard will log the arrival of the railcar, verify the waste is approved for treatment at the facility, and verify all shipping documents are in order.

If a shipment of waste received at the Facility fails to meet requirements for entry or processing and the cause cannot be corrected in a manner to satisfy both VRA and the waste generator, the waste will be repackaged, when required, and sent back to the waste generator in an approved manner as quickly as possible.
