**RE: HAZARDOUS WASTE PERMIT MODIFICATION CLASS 1 ACKNOWLEDGMENT  
VACATE WTI PERMIT ATTACHMENT 9  
HERITAGE-WTI, INC. OHD 980 613 541 / 02-15-0589**

Dear Ms. Beringer:

Ohio EPA is in receipt of a notification dated August 7, 2009 for a Class 1 hazardous waste permit modification from Heritage-WTI (WTI), Inc. The Class 1 permit modification was assigned permit information tracking system (PITS) ID number, **OHD980613541 – 090810-1-1**. With this letter, Ohio EPA acknowledges the above referenced Class 1 modification submitted pursuant to Ohio Administrative Code (OAC) Rule 3745-50-51, and accordingly has updated the WTI RCRA, Hazardous Waste Facility Installation and Operation Permit (permit).

A permit modification, PITs tracking #OHD980613541–070129-2-1, to increase the facility's overall storage capacity and to add storage operations to the already permitted activities in the Truck Holding and Sampling Unit was approved with conditions, on May 29, 2007. With this modification, WTI is permitted to store bulk and containerized hazardous waste in this unit.

The two conditions associated with the modification were listed in Attachment 9 to the WTI permit. Both conditions have been met and WTI is now requesting the attachment be vacated. As a result of pagination changes associated with this permit modification, Attachments 7, 8, 9, and 10 have also been modified.

Revised permit pages include:

- Page 118, Attachment 7 – Cover sheet;
- Page 119, Attachment 8 – Cover sheet;
- Page 120, Attachment 9 – Cover sheet;
- Attachment 9 – no page number associated with this page
- Page 121, Attachment 10 – Cover sheet;

HERITAGE-WTI, INC.  
SEPTEMBER 29, 2009  
PAGE - 2 -

Enclosed are copies of the revised permit pages. This has been included to ensure that all involved parties have written confirmation of the changes. If you have any questions concerning this action, please contact Patricia Natali at the Ohio EPA Northeast District Office (330) 963-1279 or the East Liverpool Field Office (330) 385-8447.

Sincerely,

Natalie Oryshkewych  
Environmental Manager, NEDO  
Division of Hazardous Waste Management
