Re: Countywide Recycling and Disposal Facility
March 28, 2007 Director's Final Findings and Orders
April 2007 Sample Collection Notification

Dear Mr. Gortner:

Countywide Recycling and Disposal Facility (Countywide) hereby submits this notification of sample collection in accordance with Section XIV. "Sampling and Document Availability" of the Director's Final Findings and Orders (Orders) dated March 28, 2007.

The proposed sampling schedule for April 2007 is indicated on Attachment A. In addition to the laboratory sampling program, field technicians for Countywide are measuring gas wells for oxygen, temperature, pressure, methane, carbon dioxide, and flow rate on a daily basis. Also, weekly leachate temperature measurements are being obtained.

Very truly yours,

Countywide Recycling and Disposal Facility

Tim Vandersall, P.E.
General Manager

cc: Bill Skowronski, OEPA-NEDO

Dan Aleman, CHD
Todd Hamilton, CWRDF
Mike Contestabile, Cornerstone
Jason Perdion, B&H

Attachment A – Planned Sampling Schedule
April 2007

Week	Order Section	Type of Sample	No. of Samples
April 9-13	4.A.7	Gas – CO -Lab	23
	4.A.7	Downhole Temp.	23
	4.A.8	Gas – Misc. - Lab	65
	4.A.8	Gas – Field (dragers)	65
	4.A.9	Leachate – Lab	3
April 16-20	Note 1	Gas – CO – Lab	91
April 23-27	4.A.7	Gas – CO -Lab	22
	4.A.7	Downhole Temp.	22
	4.A.8	Gas – Misc. - Lab	65
	4.A.8	Gas – Field (dragers)	65
	4.A.11	Gas – Misc. – Lab	63
	A.12	Leachate – Lab	3[(2)]
	A.13	Leachate – Lab	3[(2)]

Notes:

1. Although not specifically required by the orders, Countywide will obtain samples for laboratory analyses of carbon monoxide (CO) on all wells at the site in order to develop a baseline for determining future required analyses.

2. Leachate grab samples will be collected at the three leachate collection storage tanks that service Cells 1, 2, 3, 4A, 4B, 5A, 5B, 5C, 5D, and 6A.
