Countywide Community Benefit Fund Criteria

The following criteria should be considered when submitting Community Benefit Fund projects. These criteria will be used by Director Korleksi when determining the funding of projects.

Projects should seek to benefit, to the extent feasible, the largest number of people within the affected area, and promote the welfare of the community as a whole.

Projects will receive special consideration if they:

- reflect, in some fashion, an investment in the future of the community;
- are endorsed by local governing authorities;
- focus on environmental improvements within the community; or
- focus on environmental education programs.
